Two things make up a great DJ, good music, and ability to read the crowd. DJ Karma Beats has both! From Sweet 16's to Wedding's he set's himself apart by providing clients with quality and perfection. His experience as a professional DJ, and vocal emcee, helps him create every special occasion memorable.

# LED UPLIGHTING

LED up lighting will transform your venue and set the mood and atmosphere for your special night. Accent your walls, backdrops, or stage using lighting to leave an impact on your event space. Emphasize the special moments of your event, such as introductions, first dances, or cake cutting ceremonies, through this simple technique. We provide a wide variety of colors to choose from to execute your vision. A trained lighting technician will be there to operate the lighting scheme for the entire night, altering colors to match your needs.

# INTELLIGENT LIGHTING

Bring an extra glow to your event space with the use of intelligent lighting! Illuminate your dance floor, venue walls, and ceiling to accentuate your event's ambience. Highlight your grand introductions, cake cutting ceremonies, first dances and dance performances through spotlighting! Lighting is available in white and colored lights and moves 360 to cover your entire space!

# PINSPOTTING

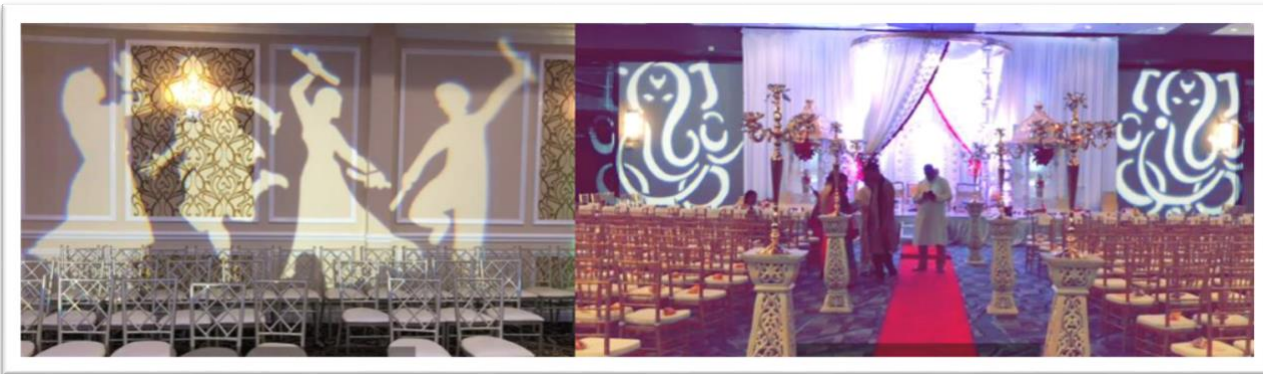

Pinspotting is an effective way of illuminating your event space by highlighting the important elements of your event. Highlight floral centerpieces, cake tables, dessert/food tables, fountains and even ice sculptures to give them more spark! Most decorators recommend pinspotting to illuminate and enhance your event space to create an extraordinary ambience for your special occasion.

# CUSTOM MONOGRAMS

Impress your guests by personalizing your event space with custom monogram lighting! Leaving your own special mark on the event space will add a personalized touch to your event! Display the names of the bride & groom, initials, or even team logos on the venue walls. A variety of colored lighting available with dimming controls will provide a wow factor throughout the night.

# PATTERNED LIGHTING

Design and display patterns and textures on the venue wall or floors with pattern lighting effects! Transform your venue to leave a lasting impression on your guests. With endless design ideas, textured lighting can create a custom look for your venue to make your event more special. Incorporate your occasion's theme with wall décor via lighting.

# LOW LYING DRY ICE FOG

Make your first dance special with the use of powered dry ice fog to give you clouds” atmospheric effect. Mesmerize your guests with this effect as you share your special moments, first dance, or dance performances. This creates a magical feeling and is beautifully captured on camera.

- Accepted by most venues and will not set off sprinkler system
- Does not use fog or haze juice

# INDOOR SPARKLERS/FIREWORKS

Add an extra spark to your event space with the use of indoor pyrotechnics! Surprise and astonish your guests with the use of indoor sparklers to emphasize your special moment! An on-site technician will control the heights and spread of the sparklers to time it exactly for your grand introductions, first dance or any special moment!

- Cold sparklers are safe to touch
- No real flame, fire, smoke, or odor

# CO<sub>2</sub> GUN

Surprise your guests with an extra element of surprise by blasting a CO<sub>2</sub> cannon! Cannons can be timed for exactly for your grand entrance, special moments, and beat drops when everyone's on the dance floor!

Handheld CO<sub>2</sub> cannons last several seconds and can be used throughout your event! Not only does this create a stunning visual effect but also a great ambience! The cannons provide a blast of cool air providing your guests comfort as they dance the night away!

# VINYL DANCE FLOOR WRAP

Customize your dance floor with a personalized vinyl dance floor wrap with your own custom monogram. Highlight and transform the true focal point of your event – the dance floor! Vinyl floor wrap comes in a variety of colors and can come in glossy or matte finish! Place your special mark on the dance floor! Great way to combine the multiple beautiful aesthetics of your special day to one place!

# STARLIGHT DANCE FLOOR

Stun your guests by giving your dance floor a starlight appearance! This stunning high gloss dance floor is built with white LED lights to give you that twinkle and starry night effect! This exquisite visual effect will take your first dance and dance performances to another level! LEDs are controlled by a technician to adjust speed and frequency of lights. Starlight dance floor is available in glossy white or black.

# MOBILE BARAAT VAN

Take your baraat to the next level with our Mobile Baraat Van! This service includes live DJing and MCing that will have the entire groom's processional on their feet dancing! Our live MCs will make sure your baraat is have the time of their lives. Add a personal Dhol Player to give your baraat that extra hype and a traditional touch. Our portable sound system and equipment allows the music to reach large distances that even the bride will know her groom is coming!
